

N.C. SMARTWALL

2012 - Massimo Castagna

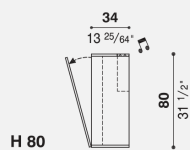

Descrizione

Mobile parete sospeso, dalla componibilità semplice e libera. L'accostamento verticale di elementi della medesima profondità, chiusi o a giorno, crea differenti livelli compositivi a sviluppo verticale: 3 step cm 80-120-160, ma anche oltre. L'accostamento orizzontale non pone limite alle dimensioni e alla creatività. Le composizioni possono inoltre essere completate da elementi contenitori di maggiore profondità, da terra (N.C. Basi, N.C. credenze, N.C. Ground Case) o pensili (N.C. Slim Case, Blink AV), secondo necessità estetiche e funzionali.

Finiture

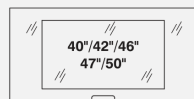

Ante laccate lucide o opache. Frontali mobili TV vetro extra-chiaro con retro-vernatura (effetto lucido) oppure con verniciatura superficiale (effetto opaco). Mobili libreria e fianchi terminali in finitura laccato opaco oppure in essenza di Lauro Preto o Eucalipto termo-trattato. Contenitori con struttura Grigio Ardesia opaco. Colori laccati: Nero, Bianco SW, Grigio Ghiaia, Grigio Pietra, Grigio Fumo, Lino, Sabbia, Grigio Caldo, Argilla.
