

CALCITE

Design by

Romain Voulet

Description

The combination of technology with a noble rock creates an attractive tension between the eternal nature of the stone and the obsolescence of technology.

Floor lamp with base in machined steel and stem in ribbed Epoxy black lacquered steel. The head of the lamp is in polished white Carrara marble. Black electric cable. Foot-operated switch/dimmer. Supplied with 1 x 16 W LED module giving off 1,280 Lumens or the equivalent of a 95 W incandescent bulb. Colour temperature 2700 (warm white).
